Sonoran cooking from the same Phoenix kitchen since 1966

★

Thank you for thinking of Don José for your event.

Since 1966 our family has cooked Sonoran food from scratch on Thomas Road — same recipes, same kitchen, three generations in. Nothing frozen. Nothing pre-made. Everything leaves the door the way we'd serve it to our own *familia*.

Eight people at a backyard birthday, a conference room full of colleagues, or three hundred guests at a wedding — we have a way to feed them. And if you don't see exactly what you're picturing in the pages that follow, tell us. We'll build the package around you.
